

[SAVE THIS PROMPT](#)

Moving abroad? Use AI before you apply.

A practical prompt to find the right place, the right job market, and a better plan.

COPY INTO CHATGPT

Start with the role you want AI to play.

Act as a career strategist and relocation advisor.

Based on my profile, recommend the best countries/cities for me professionally and personally.

Copy this prompt and complete it with your details.

Personal context

My profile:

- Age, nationality, current country
- Family situation
- Languages
- Visa / work rights

Add as much detail as you can. The better the input, the better the report.

Career context

- Current role
- Years of experience
- Main skills
- Industries
- Achievements
- Tools
- Roles I want / avoid
- Salary expectations

Add as much detail as you can. The better the input, the better the report.

Lifestyle + money

- Personality
 - Lifestyle preferences
 - Climate
 - Transport needs
 - Priorities: safety, healthcare, cost, etc.
-
- Budget
 - Savings
 - Minimum salary
 - Rent budget
 - Dependants

Add as much detail as you can. The better the input, the better the report.

Goals and reality check

- 1-year goals
- 3-year goals
- Biggest concerns
- Strengths
- Gaps

This is where AI stops guessing and starts giving a useful answer.

Add as much detail as you can. The better the input, the better the report.

Now ask AI to compare your options.

Provide:

1. Top 5 locations with pros / cons
2. Job market fit and target companies

Add as much detail as you can. The better the input, the better the report.

Make the career part practical.

3. Suggested job titles

4. Salary and cost-of-living estimates

The goal is not a dream list.

The goal is a realistic shortlist.

Add as much detail as you can. The better the input, the better the report.

Ask where to start building a network.

5. Best job platforms and networking opportunities

6. Skills / certifications to improve

Look for communities, events, volunteering, and places to meet real people.

Add as much detail as you can. The better the input, the better the report.

Turn it into action.

7. A 90-day relocation plan

8. Final top 2 recommendations and why

Because moving abroad is not only about applying.

It is about building a life.

Add as much detail as you can. The better the input, the better the report.

Keep AI honest.

Be realistic and practical.

If information is missing, ask follow-up questions first.

Do not give me generic advice.

Add as much detail as you can. The better the input, the better the report.
